"Faltering—Who are the Deserters?"

The Janesville Democratic *Standard*, which does not, like the *News*, see the Kansas question through "official" spectacles, and has failed, therefore, to discover that DOUGLAS and BUCHANAN "do not differ in the least" on this subject, upbraids "a few Democratic papers" with deserting the true faith, in obedience to recent revelations from Washington. The *Standard* says:—

We have to note the falling away of one or two of those who have, until within a few days past, battled side and side with us for the preservation of the good faith and honor of our party. We regret, and believe these gentlemen who are now deserting the cause of true Democracy will, at no distant day, however great the present reward, regret this disaffection.

The Milwaukee *News*, Madison *Argus*, Appleton *Crescent* and Stevens Point *Pinery*—all "officially" connected, or connected by office, with the Administration, are among the few presses in this State which have "deserted the cause of true Democracy," and are aiding and abetting the Buchanan "disaffection."

Bad Blundering.

The following paragraph appears in the editorial summary of the New York *Herald* of the 26th:

THE WISCONSIN ELECTION.—The official returns of the State election in Wisconsin are, at last all in, except La Pointe County, which is reported to have given a democratic majority. The question of the choice of Governor is, therefore, settled. J. B. Cross, democrat, is elected by 262 majority over Randall. Nearly 10,000 votes were cast.

The news must have been carried to New York by the same lead team which took the information to Ex-Governor Barstow, who is reported to have celebrated Cross's election with great rejoicings at his hotel in Gotham about that time. Out this way, we were having a good time over Randall's election. The State cast about 90,000 votes.

News from Kansas.

The news from Kansas is interesting. The pro-slavery squad have carried, of course, their "*with slavery*" Constitution. This will give the Administration a chance to admit Kansas forthwith, under the Lecompton Constitution.

The free state men are taking measures to clear out the rascals from around Fort Scott.

THE FILIBUSTERS.—COM. PAULDING'S ACTS DISAVOWED.—According to report, the President makes haste to disavow the acts of Capt. Paulding in breaking up Walker's expedition. Mr. Buchanan doubtless smelled thunder from the South.

Disturbance at the Chicago Jail.

ALBERT SHOUPE FIRES HIS CELL.

About ten o'clock last evening considerable disturbance was caused in the jail and its vicinity by the discovery of a dense and stifling smoke issuing from one of the cells. An alarm of fire was given and right lustily by all the prisoners, 68 in number, who were almost suffocated by the smoke, which found its way throughout the whole interior of the jail.

Jailer Tenbroeck, who was just retiring went at once into the jail and found the cause of the disturbance originated in the eastern cell of the north tier of cells, now occupied by Albert Shoupe, the young man now awaiting trial for the cruel murder of the farmer Lauerman at Blue Island, a few days since, who was found almost stifled in his cell where his bed was blazing briskly. He was at once removed to the outer hall, and by the assistance of some of the more trusty of the prisoners, the fire was equally got under and quelled.

From the circumstance that Shoupe himself gave no alarm and made no effort to extinguish the fire, it is conjectured, and doubtless very justly, that it was a desperate attempt to fire the jail, in the hope of profiting by the confusion to escape. The lining walls of the cell being wooden, probably led him to suspect that a fire could easily be started which would do much damage. He was well scorched and half stifled as the sole results of his daring.

He is, though a very young man, one of the most desperate criminals that has ever been confined in our jail, and will demand the utmost vigilance on the part of his keepers. Jailer Tenbroeck is not one to be caught napping, and will doubtless prove himself fully equal to all Shoupe's projects.—*Tribune.*

Later from Utah.

WASHINGTON, Dec. 28.

The War Department, to day received official despatches from the headquarters of the army of Utah, near the mouth of Hams Fork, Nov. 15th. Col. Johnson states that Col. Smith reached there Nov. 3d. The march was slow—11 miles a day. The trains, including the settlers and merchants destined for Salt Lake, which he would not allow to go on, occupied as close an order as they could be made to travel the space of from five to six miles. No molestation whatever was attempted by the Mormons, which may be attributed to the presence of the cavalry and the judicious dispositions and vigilance of Col. Smith. On the 4th of November Col. Johnson was to march on to Fort Bridger and dislodge any force he might find the e, and wait the appearance of Col. Cook, when, as the approach of winter was too near to attempt the passage of the marsh over the range of mountains with a probability of success, he would seize on the districts mentioned in his letter from the South and occupy it till an advance shall be deemed practicable.

Mutiny on Board Ship.

NEW YORK, Dec. 28.

The ship Fanny Fosdick, from New Orleans, reports that on the night of the 26th, during a heavy blow, a part of the crew refused duty and since then the ship has been worked by the officers only. The crew are in charge of the police till the United States Marshal can act in the matter.

Bank Statement—Increase in loans $690,345, and in circulation, $24,721; decrease in specie, $815,228, and in nominal deposits, $803,238.—Total specie $27,142,099.

CITY MATTERS.

SEVENTH WARD SCHOOL HOUSE AND SCHOOL.—The new and elegant school edifice, in the Seventh Ward of this city, is now about completed. It is a noble structure, one which our citizens may point to with pride and admiration—an evidence of educational enterprise. The building has an attractive exterior, and an ornament to the city. Its furnishments within and its surroundings without, are in accordance with modern improvements. While it may not be taken as a perfect model for edifices, which may hereafter be erected for similar purposes, it is nevertheless believed to be as complete as any building of the kind in the State.

As the opening of this School is an event worthy of note in the educational history of the city, it will not be amiss to give some general notice of the building, the school arrangements, and the advantages which the school promises to afford to the children and youth of the city.

Description of the Building.—The school building is situated near the corner of Jackson and Martin streets; the ground on which it stands, embraces two lots, the area of which is about 120 by 127 feet. The lots are graded two feet above the level of the side walk, giving proper slope from the building each way. The edifice fronts 59 feet on Jackson street; exclusive of projections for entrances, it is 44 feet wide by 77 feet deep; height 50 feet to top of cornice. The walls are brick, faced with Burnhams' best pressed brick. The design is in the Italian style; the facade being relieved by two towers, each 15 feet square; one of them terminating at the height of the building, the other rising 30 feet above the walls, and terminating in an enriched section, designed for the reception of the clock and bell. The towers are relieved at the angles with stone quoins, and a heavy stone belt course encircles the building at the second story joist. Dressings to the windows are of cast iron, painted and sanded to imitate stone. The jambs of the entrance doors are stone, with carved stone caps. The building is surmounted by a heavy cornice, supported by massive brackets and enriched with dentals and mouldings.

School Accommodation.—The building contains accommodation for about 500 scholars, and is divided into Departments as follows:

The first story, is the Primary Department; the entrance is in the centre of the front, through a vestibule 9½ by 22 feet; furnished with hooks for hats and conveniences for outer garments.—The main room of this department is 41 by 48 feet; 14 feet high in the clear. Adjoining the rear of the main room, are two recitation rooms, each 12 by 20 feet.

The second story, or Grammar Department, is entered by stairways in the towers; it contains one main room 41 by 48 feet, and has three recitation rooms adjoining, each 12 by 20 feet.—The rooms in this Department are 14 feet high in the clear.

The third story is the High School Department; this is divided in the same manner as the second story; the rooms are 17 feet high in the clear. The stairways in each tower go to the third story, and are so arranged as to give separate entrances for the sexes into the school rooms.

The main room in each Department is lighted by eight windows, and all the recitation rooms have two windows each. All the rooms are amply provided with black-boards, there being full 400 feet length of black-board in the building—The entrances and passage-ways are all convenient and well-lighted; all the windows are furnished with inside slat-blinds, which admit of easy regulation of light; all the rooms and passage ways are furnished with gas fixtures.

In the basement are the furnaces and fuel-rooms. The building is warmed by two of Boynton's patent furnaces. There is also a play-room for children in the basement, 40 by 48 feet. Particular attention has been given to the important consideration of ventilation in each room.

School Furniture—The school furniture is from the establishment of W. Chase & Son, Buffalo. It is made after the most approved patterns now in use in eastern cities. In style of workmanship, it is fully equal to the best Boston school-furniture. The rooms in the Primary Department are furnished with single chair seatings; all the equipments of the several rooms combine neatness with durability.

Architects and Mechanics—Architect and Superintendent of the building, E. T. MIX; Contractor, John Rycraft; Carpenter-work by Marquis & Michael; Doors and Blinds, by M. Conway; inside painting and graining by R. Armstrong; gas fitting by Blair & Persons.

The entire cost of the building is about $16,000...

Teachers.—JOHN G. MCKINDLEY will have charge as Principal of the High School Department. He is a gentleman of acknowledged ability, and possesses in an eminent degree the qualifications requisite for a good teacher. As a disciplinarian he has probably no superior.—During the three years he had charge of the Kenosha Public Schools, they sustained a reputation equal to any in the State. We deem the selection of the Principal for the Seventh Ward School a most fortunate one. The services of Mr. FREDERICK REGENFUSS have been secured as first assistant in the High School Department. Mr. REGENFUSS is a native of Bavaria, Germany—he was educated for the profession of teacher at the "Altdorf Teachers' Seminary." Mr. R. will have the especial charge of the German and French classes; scholars pursuing these branches of study will enjoy superior advantages under his instruction. Miss LINCOLN and Miss WHIPPLE, graduates of Mt. Holyoke School, Massachusetts, are the female assistants in this Department. They have both had experience in the business of teaching, and young ladies under their instruction will have all the advantages found under the tuition of first class teachers in female seminaries. The Grammer Department will be in the charge of Mr. H. B. COE, as Principal. Mr. COE has been eminently successful as a teacher in the Public Schools of Kenosha and Racine; there are three assistants in this department. Miss OSGOOD—a lady of no ordinary ability—aided by three assistants, will have charge of the Primary Department.

Necessity and advantage of a High School.—The Seventh Ward Public School House is designed to furnish a City High School; it will be appropriated to this purpose until such time as a school edifice shall be erected specifically for such a use. A public High School is indispensible to give completeness to our system of public instruction; without it, we cannot realize the benefits which our admirable system of free schools is designed to confer. A High School is needed to accommodate the more advanced pupils of both sexes by giving access to courses of study, which are impracticable to be introduced into the schools below. The High School will infuse additional energy and activity into all the other schools in the city; the examinations which will at stated periods be held for admission to its privileges, will operate as a powerful incentive to diligence and study in the schools of lower grade. On this subject, Mr. BARNARD, editor of the *American Journal of Education*, forcibly remarks as follows:—"The privileges of the High School will be held forth as the reward of exertion in the lower grade of schools; and promotion to it, based on the result of an impartial examination, will form an unobjectionable standard, by which the relative standing of all schools can be ascertained, and all the different schools and departments of education also indicate the studies and departments of education to which the teachers in particular schools should devote special attention. The influence upon the lower schools, upon scholars and teachers, upon those who reach and those who do not reach the High School, will be worth more than all it costs, independent of the advantages received by its pupils."

The true idea of a Public High School, is to equalize the opportunities for acquiring a thorough acquaintance with the higher branches of study; to prepare young men for the business occupations of life, or for college. It is for the want of advantages afforded in a School of this kind, that many a young man, from pecuniary inability, is compelled to forego the full development of his powers of mind. A Public High School in this city, will bring a good education within the reach of classes, and afford equal facilities to rich and poor. Pressing onward to the same high attainments in knowledge, will be found those of the most diverse outward circumstances, and who may be members of families widely separate by the arbitrary distinctions of society.

The High School should furnish facilities and advantages equal to those in the best Academies and Seminaries for acquiring a good education. Under our educational system, there should be no *necessity* for establishing private or select schools—there should be no *demand* for them—Indeed, private and select schools are found only to a limited extent, if at all, where Public Schools are rightly managed, and where the standard of education in them is what it should be. Our Public Schools are pre-eminently the people's colleges, where the masses are to educated for the duties and responsibilities of citizenship; the best good of the community and the highest interest of the State, demand that they should have the united influence and co-operation of every citizen.

It is probably not to be expected that private institutions of learning will be abandoned among us, however excellent may be the character of our Public Schools; there doubtless always will be motives and considerations with many families for something select and apart. People cannot be restrained in their notions of propriety and taste in the education of their children. But from whatever considerations private and select schools are encouraged, there should be no room for the plea, that the advantages enjoyed in the Public Schools, are insufficient to meet the educational wants of the community.

The commanding position of our city—its wealth and commercial importance, demand that our educational accommodations should assume a rank beside no other town or city in the State. The character of our schools, if what they should be, cannot fail to invite the investment of capital and an intelligent immigration. An enhanced value is given to real estate, and an additional security to property, wherever good schools are liberally supported by the people.

UNION RELIEF ASSOCIATION.—At the meeting of the Society, Dec. 24th, the following resolutions were adopted:

Resolved, That the Secretary obtain and keep a list of all such persons as obtain assistance from the city or association.

Resolved, That we will not aid such as receive help from the city, except in cases of extreme necessity.

Resolved, That we will keep a list of such as visit wards, both of men and women, and advertise to that effect.

Resolved, That Dr. Hanson, Mr. Croke, and Mr. Macread ng be a committee to ascertain what can be done in providing a suitable place for a soup and lodging house, and to report next Monday evening.

Resolved, That the Rev Mr. Pendelton and Mr. Macneil be general visitors for the Society.

Resolved, That the Bishop of the Roman Catholic Church in this city, be requested to appoint a priest as visitor at large.

Resolved, That Mr. Lambsheimer be a visitor of the 4th Ward.

Resolved, That Mr. Macready be a committee to inform Bishop Henni of the above resolution.

At the meeting of the 28th, a committee was appointed to make arrangements for the proposed Concert—it was resolved that beds be prepared for lodgers, and that the Clerk be allowed $20 a month.

OUR INTELLIGENCE COLUMN.—Man wants but little here below, says the adage. For the sake of argument, allowed, with this proviso: that what little he does want, he wants quickly. To aid the public to satisfy their wants in the shortest possible time we have opened, this morning, an "Intelligence Column"—a sort of an office, wherein can be made known the wants of the public, of whatever description, at a small price. If you want to sell anything right off, or want to buy anything without running over the market fifty time, if you want to let or hire a house, if you want to let yourself, or hire somebody else: in short, if you want to make money by buying and selling without annoyance or delay, take advantage of the "Intelligence Column."

MILWAUKEE CHESS CLUB.—Our Milwaukee Chess Club opened their first campaign on Monday evening last, in Parlor D of the Newhall House. There was a fair muster of members, and playing commenced at an early hour. Several of the contestants were fairly matched, and a number of well contested games played. The next "meet" is appointed for this (Wednesday) evening, when we hope to see a still larger attendance of members. The playing commences about 7 o'clock.

BALL OF THE LIGHT GUARD.—Our Milwaukee Light Guard give their third annual Ball on the evening of the Eighth of January next. Their arrangements for the Festival are nearly complete, and give promise of a most attractive entertainment. The Ball will be given in the spacious and elegant Hall of "the Albany," and supper will be served in the ample dining saloon of the Newhall House. A temporary covered way across Michigan street will unite the New hall House and the Albany during the evening. A number of guests are expected from Chicago, Madison, and other points.

HOLIDAY PARTIES.—Supply Hose Company give their Annual Ball at "the Albany" on New Year's Eve. It will be an elegant affair, and the tickets are going off rapidly.

Mr. ROSENBECK, the well known and popular landlord of the Niagara House, in the Fifth Ward, gives a Social Dance at his Hotel on New Year's night. He will spare no pains to make the affair a pleasant and successful one.

A WORK ON FRUITS.—We are informed that DR. JOHN A. WARDER, President of the Cincinnati Horticultural Society, is engaged in the preparation of a work upon the subject of fruits; and to aid in this work he requests notes, outlines and descriptions of the fruits of different regions of the West. It would be well for some of our Pomologists to see that the fruits of Wisconsin are properly represented in this work.—No one is better qualified, or has better opportunities to collect the materials for a complete elucidation of this subject than Dr. WARDER.

"A HEALTH TO THE OUTWARD BOUND."—Dr. J. K. BARTLETT, for eighteen years past a resident of this city and during all that time diligently engaged in the faithful, zealous and successful practice of his profession, finds his own health beginning to yield to the incessant labor of caring for the health of others, and leaves today for a few months' tour in Europe. The best wishes of hosts of attached friends and grateful patients accompany him on his journey, and their cordial welcome awaits his return. May he come back to us with health restored and spirits renovated.

THE SIDEWALKS.—If decency does not induce the cleaning of the sidewalks on East Water St., will a sense of pecuniary interest do it? Do the authorities want to pay $10,000 for somebody's leg broken by a fall in the slippery mud?

For the Daily Sentinel.

Mrs. Mallory.

MESSRS. EDITORS:—The *Wisconsin* has done a very great act of injustice to Mr. HUTTON, who brought to this city, at the request of the Benevolent Association of Indianapolis, this unfortunate lady.

It was suggested to Mr. H. that as Mrs. Mallory had spoken of the "Blood Farm" of Janesville, as having been purchased by her husband, that he should proceed there to investigate the circumstances. Whilst on this mission Mrs. M. slipt away from the Walker House to the Railroad station, and by the *Wisconsin* we hear of her being at Racine.

Mr. Hutton arrived last night, from Janesville, to find his name bandied about "as a scoundrel," a term which is unjustifiable under any circumstance. He was sent here on a mission of sheer charity, and in fulfilling it, his character is aspersed in a manner that admits of little apology.

You will oblige me by inserting this letter, that the Racine *Journal* may be enlightened on the sad matter, in reference to this insane lady. Letters have been dispatched to Troy, Albany and Girard, and hourly I look for tidings that may lead to her identity. Yours,

A CONSTANT READER.

POLICE COURT, DEC. 29.—Charles Rice, charged with disorderly conduct, and discharged for want of a prosecutor.

William Schneckle, same charge, found not guilty.

Matthew Trusor, driving on sidewalk, fined $1,00. (Probably Matthew mistook the west walk of East Water Street for the Street, "and small blame to him.")

Jas. Nugent, beating his wife, sent up for 30 days. (Let us have a public whipping post for these wretches.)

The case of Michael and John McGrath and Thos. Bolin, for assault and battery, was continued to Jan. 2d.

John Lener, driving on sidewalk, fined $1.

Gottlib Breser, ditto, ditto.

Samuel Douglas, beating his wife, case adjourned to January 5th.

FESTIVAL FOR THE CATHOLIC ORPHAN ASYLUM TO-NIGHT.—We trust that there will be a large gathering and ready liberality at the Festival to-night in aid of the St. Rose's Orphan Asylum.—There are now some 70 girls in the Asylum, whose necessities must be cared for, and as charity is universal and knows no sectarianism, we look to see a handsome return from the gathering to-night.

MUSICAL SOCIETY CONCERT.—The Concert of our Milwaukee Musical Society, on Monday evening, was one of the best of the year. The audience was large and appreciative and the performances elicited, as they deserved, hearty and general applause. The instrumental music was especially excellent, Mr. WINNEBERG's violin solo and the grand "Coronation March" by the full orchestra, meriting special mention. The Society continues steadily to improve and deserves to prosper abundantly.

CONCERTS IN AID OF THE POOR.—The New England Bards and the Hutchinsons have each volunteered to give a Concert in aid of the funds of the Milwaukee Union Relief Association.—The Concert by the Hutchinsons will come off at the Hall of "the Albany," on Tuesday evening next.

☞ St. JOHN'S CHURCH, Fifth Ward, was lighted with gas for the first time at the service on Christmas Eve, after which the children repaired to the chapel, which was crowded to overflowing, to receive their gifts from the beautiful Christmas tree prepared for them. They then sang several ancient English Christmas carols, with much good taste and feeling. On Christmas day, these little folks partook of an excellent Christmas dinner at the chapel.

Rev. Mr. Keene has a large number of children in his congregation, all sweet singers.—They are a fine little choir of themselves.—*Free Democrat.*

GREAT DISCOVERY.

AMPLE TESTS, both by able practitioners and chemical analysis, have demonstrated the great value of Prof. De Grath's beautiful combination, called "ELECTRIC OIL," for the relief and cure of pain. But the people themselves are rendering their verdict in a manner both unmistakable and satisfactory. More than twenty thousand bottles have been sold in a very short time—a great proportion to those who heard others recommend it, who had tried it. That its a splendid discovery is everywhere acknowledged, and nothing like it was ever before prepared.

The only genuine Electric Oil is Prof. De Grath's, which is to be had at all the respectable Druggists in this city, and at wholesale and retail, at the proprietor's prices, of the agent.

PROF. G. DE GRATH.

Bottles 25 cents, 50 cents and $1.

☞ For sale by Bosworth & Sons, and J. H. Teschmakers; Fahnestock & Davis, and Reed & Co., Chicago; and by Druggists and Merchants generally throughout the country. dec25d4w1w

LATEST NEWS!

BY MAGNETIC TELEGRAPH

Later from Utah.

WASHINGTON, Dec. 28.

Col. Johnson's despatches also state that the communications of the Mormons, and the acts of the Legislative Assembly, show a matured and settled plan to hold, and occupy the Territory, independent and irrespective of the authority of the U. S., occupying as they do the at a mde of rebellion and upon defiance to the Government, and connected with numerous other acts of treason.

Col Johnson had ordered that whenever they are met with in arms they may be treated as enemies; and he reiterated the necessity of prompt and vigorous action of the part of the U. S., or it must submit to the usurpation of its territory.

The conduct of the Mormons, he says, results from a settled determination on their part not to acknowledge the authority of the U. S, or any other outside of their Church. He adds, a supply of subsistence must reach the army by the first of June.

The officers and men are reported to be in fine health, and animated with an ardent desire to discharge their duty faithfully. In a postscript Col. J. says the army has made a ten day's march 6 to the 5th, and that on the 7th the army were waiting the arrival of the trains delayed by the snow the day before. Our trains, he adds, occupy, in as close an order as they can travel the roads, from 13 to 14 miles, therefore the rear cannot move till late in the day.

Brigham Young's letter of the 26th, to Col. Alexander, after much defiant language, says:—By virtue of my office as Governor of the Territory of Utah, I command you to marshal your troops and leave this Territory, for it can be of no possible benefit to you to waste treasure and blood in prosecuting your course upon the pretext of a rebellion against the general government by its administrators.

You have had, and still have a plenty of time to return, within reach of the supplies at the East, or to go to Fort Paul—where you and your fellow officers are as well acquainted with your men as I am with mine, and did they understand the work they are engaged in, as well as you may understand it, you must know that many of them would immediately revolt from all connection with so ungodly, illegally, unconstitutional and hellish a crusade against an innocent people, and if their blood is shed, it shall rest upon the head of the Commander—with us it is the Kingdom of God, or nothing!

In another letter to Col. Alexander, Brigham says the President of the United States so far degrades his high position, and prostitutes the highest gift of the people, so as to make use of the military power, by sending troops, not for the protection of the people's rights, but to crush the people's liberties, and compel them to receive officials. So lost to self-respect as to accept appointments against the known and expressed wishes of the people. So craven and degraded as to receive an army to protect them in their position. We feel that we would be recreant to every principle of self-respect, honor, integrity and patriotism to bow to such high-handed tyranny, a parallel to which is only found in the attempts made by the British Government in its most corrupt stages, against the rights, lives and liberties of our forefathers. If our real enemies, the mobocrats, editors, priests and politicians, at whose instigation the present storm has been gathered, had come against us, instead of you and your command, I would not address them thus.

Important from Kansas

ST. LOUIS, Dec. 28.

Kansas advices of the 22d, to the Republican, state that the Constitution without slavery was carried by a large majority; returns meagre. The pro-slavery vote at Shawnee was 765; at Olothe, 200; at Lexington, about the same.

It is reported that a large body of men had gone to Lecompton to seize the Territorial arms.

A letter dated Lawrence 21st, says Gen. Lane had gone to Fort Scott with the avowed intention to destroy that place and exterminate the pro-slavery settlers on the Shawnee reservation and carry the war into Missouri.

Denver had assumed the Governorship of the Territory, and issued an address in which he exhorts citizens to appeal to the ballot-box for a settlement of difficulties. He makes copious extracts from the President's instructions as indicative of the line of policy which he designs pursuing. He also states that Calhoun invited himself and presiding officers of both Houses of the Territorial Legislature, to be present at the counting of the returns of the election on the 21st.

There is nothing authentic from Fort Scott.

LATER.

A gentleman from Kansas reports the whole vote of Lecompton as 182. The majority for Slavery was 69. No votes were received a Lawrence. No poll books were opened at Topeka. Slavery majority at Lexington 80. Nothing from Leavenworth.

A letter to the *Republican* says that the Lawrence Convention on the 23d will decide whether or to go into the January election for State officers. Many favor such a course, with a view of crushing the State Government. Stanton's name is mentioned for Governor.

Messrs Butterfield, Fargo, Wells and Williams' overland California mail contractors, arrived here. They design fitting out an expedition to ascertain the most practicable route to carry the proposed mail.

Mr. Pritchell, bearer of the despatches from Governor Denver to the Government, passed through this city yesterday.

The Santa Fe mail has arrived. It contained no papers or letters for this city.

WASHINGTON, Dec. 28.

The instructions of Com. Paulding were necessarily general in their nature, it being impossible to anticipate every state of circumstances and not until his official despatches shall have been considered, will it be determined whether or not he was justified in arresting Walker.

The Herald's correspondence has the following: "There was not a word of truth in the report that the English Government had protested against the Nicaragua treaty. I am also authorized to say that no Minister to Russia has yet been appointed."

Capt. Van Vliet arrived here this evening, direct from Kansas.

NEW YORK, Dec. 29.

The steamship Empire City, from New Orleans, 20th, Havana, 23d, arrived last night. There is little news at Havana. Sugar improving in price.

The steamer Fashion, from a filibustering cruise, was at anchor at Havana; as also the U. S. sloop-of-war Saratoga. The latter vessel was *en route* for Norfolk, with the greater portion of Walker's force on board; put in for a supply.

The Arrest of Gen. Walker Denounced by Cass.

NEW YORK, Dec. 28.

The special correspondent of the *Times* telegraphs from Washington to-day, that Secretary Cass denounces the arrest of Walker as illegal and unauthorized. Com. Paulding's instructions were only to prevent the landing of Walker,—The Commodore will doubtless be court-martialed immediately.

QUEBEC, Dec. 28.

There were a number of serious riots at the polls yesterday.

Three Irishmen were killed and many others seriously injured.

The military had to be called out to preserve the peace.

The Ministerialists have about 2,000 majority. Worse disturbances are anticipated.

PHILADELPHIA, Dec. 28.

The Democratic meeting here this evening, to endorse the Administration, was large, but comparatively little enthusiasm manifested in the meeting.

The meeting was organized by the choice of Ex-Chief Justice Lewis as chairman, and a long list of Vice-Presidents and Secretaries.

Speeches were made by W. H. White, M. C. of Pa., Senator Bright of Ind., and others, endorsing the President's message.

Resolutions to the same effect were passed, and the meeting adjourned.

CLEVELAND, Dec. 29.

Edwin Forrest, the eminent tragedian, lies dangerously ill at the American Hotel in this city.

SCHENECTADY, Dec. 29.

Charles N. Barhydt of the firm of N. & G. S. Barhydt, grocers of this city, was found dead in his store this morning, about 7 o'clock, stabbed to the heart, and with one of his thumbs blown off. A pistol was found near him, with the barrel bursted. Also, a dirk covered with blood.—An inquest was held, and a verdict rendered that his death was caused by his own hands.

Philadelphia Items.

PHILADELPHIA, Dec. 25.

There was much rowdyism in the streets last night. Several shooting affairs occurred in the suburbs, two of which resulted fatally.

It is reported that a woman cut her husband's throat.

Senator Douglas arrived in town last night, and is stopping at the Girard House.

A large crowd assembled at midnight and called upon him for a speech, which was complied with. Colonel Forney, of the Press, followed.

Mr. Douglas received a large number of visitors during the day.

BUFFALO, Dec. 26.

The variety store of Henry Hart, No. 171 Main street, was destroyed by fire about four o'clock this morning, together with a stock valued at $20,000, which is insured in Eastern offices for $10,000.

The building was owned by Wm. A. Sutton, and valued at $10,000; insured in the Buffalo Mutual Office for $2,800.

The stock of A. Stillman, dealer in hats, caps and furs, the next door south, was damaged by water to the amount of $6,000; insured in Massachusetts offices for $5,000.

The stock of Messrs. Tweedy & Smith, hat, cap and fur dealers, next door north of Mr. Hart was also damaged by water to the amount of $2,000, which is covered by insurance.

CHARLESTON, S. C., Dec. 29.

The steamship Columbia, at this port, from New York, spoke off Cape Hatteras, the clipper ship Grey Eagle, from City Point, Va., bound to Rio Janeiro, with a cargo of flour, dismasted.—The Grey Eagle refused assistance, but the Columbia took off seven passengers, and brought them to this port.

NEW YORK, Dec. 28.

Gen. Walker to day surrendered himself to the custody of Marshal Rynders, who proceeded with his prisoner to Washington to ascertain the intention of the President towards him.

The *Post* of this evening intimates that a party of reinforcements for Walker left this port on the 20th, with the Star of West.

MILWAUKEE:

WEDNESDAY MORNING, DEC'R 30

"Popular Sovereignty" Democratically Diluted.

A new phase of "Popular Sovereignty" has been developed by the Kansas *imbroglio*. It makes its appearance in the *News*, and is quite as worthy of note as the discovery, in the same quarter, that DOUGLAS and BUCHANAN "do not differ in the least" on the question. It is in speaking of Gen. Cass' instructions to Gen. DENVER, the *fifth* Federal Governor of Kansas, that the *News* thus introduces "Popular Sovereignty," as now understood at Washington:

> No fair minded man can find in these instructions to Gen. Denver, anything which will justify the assaults which have been made upon the President, and they prove conclusively that the Administration will recognize and respect the will of the people of Kansas *so far as it is proper to do it.*

We have not the least doubt of it. The Federal Administration has all along manifested a remarkable willingness to "respect the will of the People of Kansas," so far as it thought "proper to do it"—but no farther. Hence, when the Border Ruffians from Missouri took possession of the Kansas polls, elected the *bogus* Legislature, and through them enacted the Draconian Code of Laws, the Administration deemed it perfectly "proper" to "recognize and respect" *this* manifestation of the popular will.—And again, when by fraud and force, the Pro-Slavery men chose the Convention, which has just framed a Pro-Slavery Constitution, and *refused* to allow the people to vote upon it, the Administration once more makes haste to signify its entire and cordial concurrence in *this* "will of the People." But when the actual settlers, the *bona fide* People of Kansas, through their constituted agents, framed the Topeka Constitution, ratified it at the polls, made choice of their State Officers and representatives in Congress, and exercised, in other ways, their "popular sovereignty," the Administration, blind of one eye, could see nothing "proper" in the proceedings, and not only refused to "recognize and respect" them, but *arrests and arraigns for High Treason* the prominent actors in this popular act! And this is the sort of "Popular Sovereignty" now served up, as the genuine article, by the Administration at Washington. It is almost as gross and impudent a fraud as their pretensions to Democracy.

PREDICTION VERIFIED.—When the Nebraska Bill was passed, its friends predicted that its great fundamental principle would very soon become the most popular doctrine of the age, and that few would be found opposing it. Only three years have passed, and that prediction is fully verified! The whole body of its opponents are now vociferously advocating it, and their only fear seems to be that it will not be strictly adhered to and rigidly enforced.—*News*, of yesterday.

"When the Nebraska Bill was passed," its opponents denounced it as a swindle and a cheat, and predicted that its "great fundamental principle," the extension of Slavery into Kansas, would soon be made manifest to the whole world. Less than three years have passed "and that prediction is fully verified!" Four successive "Democratic" Governors have tried their hands at carrying out this principle of the Nebraska Bill, and each, in turn, has abandoned the job in disgust. The doctrine of "popular sovereignty," the rock on which the bill was founded, has proved a *sham* rock. The Federal Administration laughs at the notion that the people of Kansas should be permitted to choose their own Constitution, and the Federal Army is employed to uphold the Border Ruffians, enforce the Lecompton Swindle and establish Slavery in Kansas. And this crowning iniquity, this mammoth, this intolerable outrage, has been [illegible] by an Administration, and is justified by a party, that arrogates to itself the name of "Democracy," and professes to be the exclusive champion of Popular Rights, Equal Laws and Even-handed Justice!

THE RETORT COURTEOUS.—The *Pennsylvanian*—the leading BUCHANAN organ in the Keystone State, in the course of an angry rejoinder to Col. FORNEY'S *Press*, says:

> "Mr. Buchanan may well exclaim, under the circumstances, referring to his treatment by the editor of the 'organ,' in the words of the old song:
>
> 'Fanny it was right to dissemble your love,
> But why did you kick me down stairs?'

These cease this hypocrisy and charlatanism, and pretend to nothing but what you are, a secret enemy all the time, and an open one, when you dare, of the present Federal Administration."

It is the Kansas question which has brought these loving brethren by the ears. The "poisoned chalice" is now "commended to their own unwilling lips."

Classical Authority for It.

Pope says:

"All discord harmony not understood."

So that our much vexed and bothered official contemporary of the *News* has classical authority for its assertion that Douglas and Buchanan do not differ. To be sure, there at Washington these two democratic worthies and their friends think they do differ, very decidedly; but then they do not "understand their harmony"—that is all. They only "differ in the mode of elucidating the problem."

☞ The late David Watkinson, of Hartford, left bequests of $250,000 for charitable purposes. A fine library of reference to be established in connection with the Connecticut Historical Society, is to be started with $100,000; $60,000 is for a Juvenile Asylum and Farm School; $40,000 go to the Hartford Hospital; $80,000 for the support of indigent children; $5000 for an institution for reforming discharged criminals, and the remainder to religious societies, &c.—Thirty nephews and nieces receive $10,000 each, or $300,000, besides the quarter of a million otherwise disposed of.

RUMOR AT FAULT.—There is something wrong about the report that has been going the rounds of the papers, to the effect that Lola Montez was about to be married to Prince Sulkowsky.—The Prince writes a letter to a friend in Albany denying this foolish and malicious report. He is living upon his farm on the Black River, near Lowville, New York, with his accomplished wife and interesting little family, husbanding his ample fortune, and occasionally enjoying the pleasures of the chase.

WHERE THE MONEY GOES.—There is now at the Auditor's Office at Washington, a box, some three feet square, containing vouchers of accounts allowed by the Commission on the Rogue River Indian (Oregon) war claims, to the amount of six millions of dollars. Some of the items consist of hay, at two hundred dollars per ton.

THE BRITISH REVENUE.—The income of the government of Great Britain for the year ending 1st December was about $395,000,000, and the expenditures about $2,400,000 less. The army and navy cost $125,000,000, and the Persian expedition $4,500,000.

MARITAL LAW IN MAINE.—After the first o January, all marriages of residents of Maine, solemnized out of the State, with the intent to evade the publishment law, will be void, if the parties return to Maine to reside.

HOW PLYMOUTH CELEBRATED.—The Hartford *Press* of the 22nd says: "To-day is Forefather's Day, and the citizens of Plymouth, where the Pilgrim Fathers landed, celebrate the day, how, think you, reader? *By two public dancing parties*"

From the Madison Journal.

Wisconsin Statistics.

The annual report of the Secretary of State contains some interesting statistics.

REAL ESTATE.

The appendix of the report contains a table showing the number of acres of land, the average value per acre, assessed value of lands, assessed value of village and city property, aggregate valuation assessed, and aggregate valuation equalized in the several counties with the exception of Door, Douglas, Eau Claire, Kewaunee, La Crosse, La Pointe, Polk, St. Croix, Shawanaw, and Wood. Leaving out these counties the total footings are:

Number of acres,	12,917,756
Average value per acre,	$3,59
Assessed valuation of lands,	$17,748,402
" " city and vil. lots,	15,912,207
" " personal property,	6,258,411
Aggregate valuation assessed,	69,918,020
" " equalized,	150,000,000

The highest average valuation of lands is in Rock county—$11,10 per acre. Kenosha comes next—$10,42 per acre. The average valuation for Waukesha is $9; Ozaukee $8; Walworth $7,20; Milwaukee $7; Dane $5,12; Marquette $5. The lowest average value per acre is Sauk county—$1,50 per acre.

TAXES.

Milwaukee pays the highest tax, $28,500; Rock the next highest, $19,890; Dane comes next, $19,800—only $90 less than Rock [Dane has 22 townships, and Rock 20;] and Racine next after Dane, paying $13,280. La Pointe contributes the least of any county to the general fund, paying only $2,00.

DEAF, DUMB, BLIND, INSANE AND IDIOTIC.

There are in the State 58 deaf and dumb persons, 27 blind, 24 insane, and 21 idiotic. This table, however, is very imperfect—including only 11 counties.

AGRICULTURAL, MANUFACTURING AND MINING STATISTICS.

Statistics embraced under this head have been returned from all the counties except Adams, Bad Ax, Chippewa, Clark, Douglas, Grant, Ozaukee, Pierce, Polk, Portage, Sauk, Waupacca and Wood. It is to be regretted that these counties are omitted. Grant embraces not only a rich agricultural district, but is the principal lead district in the State. Ozaukee, Pierce, Sauk and Waupacca are all rich agricultural counties, and already productive. From the counties returned we glean the following facts:

Apples—The orchards of Wisconsin are just beginning to produce fruit. The total number of bushels returned for last year is 85,145, valued at $42,066. Kenosha ranks first among the apple growing counties, producing 6,108 bushels; Walworth is the second, Racine third, and Waukesha fourth. Our county of Dane returns 1,102 bus.

Barley—The "lager beer" interest is a large one, and Wisconsin produced 492,885 bushels of barley last year from 19,504 acres sown, valued at $289,178. In this result the great lager beer county of Ozaukee is omitted.

Beans and Peas—The number of acres planted was 2,070; which produced 34,706 bus, valued at 362,871.

Corn—285,839 acres were planted to corn, producing 5,100,790 bushels, valued at $2,485,-994. Rock is the banner corn county, and Walworth ranks next. Dane ranks the third, producing 525,809 bus.

Grapes.—By reckoning 5,000 pounds of hops grown in Jefferson county, as grapes, the Secretary attains the meagre aggregate of 8,182 lbs, as the total grape crop of the State. The amount will be much greater for 1857. More attention is being paid to grape culture every year, as the fact gets circulated that this fruit is easily grown, and is at once one of the most delicious, as well as wholesome fruits that can be raised in this latitude.

Hay and Grass Seed.—Wisconsin produced 519,547 tons of hay, in 1856, valued at $2,597,-735. Also, 1,023,177 lbs grass seed, valued at $54,892.

Oats.—Number of acres sown, 193,609; product, 6,312,303 bushels, worth $2,707,800.

Potatoes.—Number of acres planted, 22,258; product, 2,318,665; worth $2,162,470. It will be seen by this that potatoes were potatoes last year.

Rye.—220,631 bushels were produced, worth $126,669. More of this grain is raised by Germans than by any other class. Rock, the most productive agricultural county, raised only 8,-835 bushels, while Washington produced 60,886 bushels; Sheboygan 42,975 bushels, and Manitowoc 24,508 bushels.

Wheat.—This is the great staple of the State. In the counties returned, 631,393 acres were sown, producing 8,717,756 bushels, worth $8,-101,080. Rock ranks first as a wheat growing county, and Dane the second in the State. Walworth comes next after Dane. Rock produced 1,672,415 bushels; Dane 1,049,139, and Walworth 783,292.

Butter and Cheese.—The farmers of Wisconsin devoted but little attention to the dairy. The number of pounds of butter produced was 6,655,636, valued at $1,089,914. The number of pounds of cheese, 444,944, worth $48,958.

Lead and Iron.—2,379,932 lbs. of lead were smelted in Iowa county, and 15,190,000 in La Fayette county. In the former, during the same time 5,000,000 lbs. of lead ore was raised, and 16,673,900 in the latter. During the same period 10,000 lbs of lead ore were raised in Dane Co., and 23,700 in Green. Total value, $672,840.

Miscellaneous.—The value of the cattle on hand in the counties returned is $6,791,200; of those slaughtered during the year $633,950.—Value of hogs on hand, $162,150; slaughtered $1,654,120. Value of horses and mules $6,378,-250. Value of sheep and lambs $603,847.—Value of sheep and lambs slaughtered, $102,535. Number of pounds of wool grown, 988,905—valued at $266,630. There was sugar manufactured to the value of $80,207—the product of the maple. Jefferson ranks first in the manufacture of sugar and Sheboygan second. Surprising as it may appear, the Maine liquor law county of Walworth manufactures more whiskey than any other county, producing 106,560 gallons. The Maine liquor law county of Rock ranks next.—Our own country, Dane, produced only 112, but, if the statistics of drinking were inclined in the Secretary's report, would, we think occupy a more conspicuous place. Total number of gallons of whiskey manufactured in the state, 201,512, of which over 200,000 gallons are manufactured in Rock and Walworth. Dodge county turns out $50,000 worth of pig iron. There are iron works in Sauk, but no returns are made from that county. Iowa produces 20 tons of copper.

Cass in June vs. Cass in December.

Secretary Cass, for the President, and for himself as the author of the doctrine of "squatter sovereignty," instructed Gov. Walker in June last, about the high noon of summer, as follows:

> "When such a Constitution shall be submitted to the people of the Territory, they must be protected in the exercise of their right of voting for or against that instrument; and the fair expression of the popular will must not be interrupted by fraud or violence."

And now at the next winter solstice, the same Secretary Cass, for the same President BUCHANAN and himself, says to Gov. WALKER;

> "You state that the President has changed his policy in regard to Kansas, and why this allegation? Simply because the Convention of Kansas have, in exercise of the rights belonging to them, decided that they would not submit the whole Constitution to the people.

HON. CHARLES SUMNER.—The Springfield (Mass.) *Republican* says:—Mr. Sumner's course is not fully determined on, but he contemplates returning immediately to Europe, and going to Egypt and India for a year. This was the advice of his European physicians, and he will now probably take it.

Finishing the Work.

From the St. Louis News of the 21st.

Mr. Pierce undertook the job of breaking up the Democratic party in the Northern States, and got along so finely as to break its domination in every Free State but New Jersey, Pennsylvania, Indiana, Illinois, and California. Mr. Buchanan has taken up the work where Mr. Pierce left off, and, if he is as successful during the next three months as he has been during the past three weeks, will finish it so completely as not to leave a shred of the party north of Mason and Dixon's Line. It would not be surprising if he were to crowd it out of Missouri, Kentucky, and Tennessee also, reducing the once powerful National Democracy to a pitiful nest of bilious fire-eaters in the Gulf States.

☞ The *long agony* is over at last. The full returns are in, and it is at last proved that Randall is Governor by a majority of 150. Hastings is elected also over Habich by about 50. So the Shanghais in Wisconsin have got the *sword*, the *keg*, and the *prison*. Those whom they cannot frighten, or shut up, they will *buy*.—*Stevens Point Pinery*, (dem.)

How many "democrats" will that leave in the State, and in which class are we to include our friends of the *Pinery*?

PAINFUL ACCIDENT.—We learn that Mr. Cyrus Aldrich was on Monday last caught in the shaft at Johnson's Mill, in the town of Franklin, in this county, and so severely injured that his recovery seems almost hopeless. Both legs and both arms were broken and he was otherwise horribly mangled. He is represented as an estimable young man.—*Manitowoc Trib.*

The Minnesota Election.

The Republican papers at St. Paul are exposing and holding up to public gaze the shameful frauds by which they have been cheated in the return and canvass of the votes for State officers. As we have heretofore mentioned, the game of the Democracy was double—to bring in illegal votes to give their candidates a majority; and to throw out legal votes when their opponents had a majority. The game was played out fully. The *Minnesotian* says in reference to the throwing out of the legal votes:

> The honest vote, fairly polled—duly filed—and admitted by both parties to be correct—which was not counted by the scoundrelly majority of the State Canvassers—on a quibble—a pretence—a technicality of their own begetting—is as, we learn from the Hon. Thos. J. Galbraith, the minority member of the Board:
>
> | | |
> |---|---|
> | For Ramsey, | 1747 |
> | For Sibley, | 1634 |
>
> By this means 3,281 votes, giving 213 majority for the Republican ticket, were thrown out. Yet Sam Medary and Joe Brown deliberately refused to count these votes; and thus committed the crime of disfranchising 3,281 people, of both parties—though the fact that Ramsey had a majority of 213 in this number of votes, was doubtless the inducement to perpetrate the rascality!

The *Minnesotian* goes on to say:

> Next, let it be remembered, that the following bogus and forged votes—which the majority of the Board admitted were forged, and which they could not deny were forged, if even so disposed, for the affidavits of the facts were before them—were counted by them in what they give out as the official canvass, as follows:
>
	Sibley.	Ramsey.
Cedar City (McLeod Co.)	169	61
Holmes City (Pembina)	68	
Admitted forged votes counted in		
Official canvass,	177	61

All will remember the facts about Cedar City Precinct, in McLeod County. A paper—in the hand-writing of a Democrat of Glencoe—was found by the Democratic Register of the county (as he says) one morning on the floor of his office, having been slipped under his door during the night. It was informal, and bore every evidence of fraud—nevertheless, it was counted by him, and included in the official canvass of McLeod county, and was sent by him to the Secretary's office!

The real returns from Cedar City give Ramsey 12 majority, thus cheating him to the tune of 60 votes. This real return and these affidavits Sam Medary and Joe Brown saw, yet they nevertheless counted in the forgery. Isn't that scoundrelism?

The Holmes City precinct is one of the bogus forged returns—of which there are several—counted in the Pembina, Todd and Cass canvass at Ottertail City. There were several affidavits laid before the Board of State Canvassers, fully establishing on the oaths of respectable men, and some of them Democrats, that no election whatever was held at Holmes City, and that the return of 68 votes for Sibley was a *forgery!*

Yet, in the face of this evidence Sam Medary and Joe Brown counted in these 68 votes for Sibley in their official canvass! Would anybody but inborn and desperate scoundrels do a thing like this?

Without proceeding further with our investigation into the wholesale fraud of the Ottertail canvass, returning 641 votes for Sibley and 18 for Ramsey—a palpable rascality, of which more anon—let us sum up the figures on all the facts above stated.

	Sibley.	Ramsey.
Official Canvass	17,790	17,650

Interesting Correspondence.

JEFFERSON DAVIS IN REPLY TO GENERAL WOOL.

WASHINGTON, D. C. Dec. 14, 1857.

My attention has been called to a letter signed John E. Wool, United States Army, headed Troy, N. Y., November, 1857, addressed to the editor of the *Flag of our Union*, Jackson Miss., and published in a New York paper of Dec. 3, 1857. It purports to be a reply to an exposition which I deemed proper to make some time in the last summer, to the unfounded slanders which the said Wool had covertly, through the newspapers and in official correspondence with the Secretary of War, uttered against me. The allegations which are repeated in his recent publication, having been then sufficiently refuted, and his purpose will fully and maliciously to misrepresent my acts having been conclusively established by the records of the War Office, I deem it unnecessary further to refute his slanders, whether they be old ones revamped or new ones concocted.

When my exposition above referred to was made, my official relations to General Wool had terminated, and I closed the proof of his gross misrepresentations by denouncing him as the perpetrator of a "palpable and pitiable false hood." He now seeks to redress himself by the publication of recriminating epithets—a remedy not recognized among gentlemen, and one to the enjoyment of which I now dismiss him.

Very respectfully yours,

JEFFERSON DAVIS.

GEN. WOOL'S REJOINDER TO JEFFERSON DAVIS.

TROY, N. Y., Dec. 19, 1857.

I have received a copy of the DAY BOOK containing a letter signed Jefferson Davis, dated Washington, D. C., Dec. 14, 1857, being in reply to my letter of the 27th Nov., 1857, to the FLAG OF THE UNION, Jackson, Mississippi.

If Jefferson Davis were not a Senator of the United States, I would not notice his letter, in which he freely uses language no less degrading to the perpetrator than to the distinguished body of which he is a member. His letter contains assertions against me without the shadow of a foundation to sustain them. He has not controverted, because he could not, the facts presented against him in my letter to the FLAG OF THE UNION. He there stands convicted of conduct characteristic of the man, deceit, cunning and falsehood. Yet he would present himself as worthy to be ranked among gentlemen, or men of honor. If he had possessed a spark of the chivalrous spirit of either, when he discovered that I had impugned his honor, or had "imputed" to him a "contemptuous dereliction" of duty, as he pretends I did in my letter to the Hon. John B. Floyd, instead of seeking redress in Billingsgate language through the press, as in his letter to the editor of the Jackson *Mississippian*, he would have sought it in the mode "recognized among gentlemen." Senator Davis will write in vain under his "palpable and pitible falsehood"—that he, Secretary of War, "made efforts to transmit to my headquarters the sword voted to me by Congress"—it will, like the shirt of Nessas, adhere to him as long as his name is Jefferson Davis.

In asserting that I had covertly slandered him through the newspapers and in official correspondence with the Secretary of War, he judged of me by himself. The Senator may rest assured that I have in no respect followed his example, and have played no false, covert or deceptive game against him or any one else. That, as Secretary of War, he falsely and covertly slandered me, through the newspapers, in his official correspondence, the files of the Washington *Union* and of the War Office will abundantly prove.

JOHN E. WOOL.

SINGULAR MONEY DEPOSITORY.—Eleven years ago the wife of a farmer living in the neighborhood of this place, named Kasper Lorenze, carried dinner to her husband who was at work in a field, in a napkin in one corner of which she had died a "five franc piece." She laid the parcel on the ground, and before she or her husband could drive her away their cow made herself familiar with the dinner. When the farmer came rushing upon the cow to chase her away, she in a hurry swallowed the napkin containing the "five franc piece." Recently the farmer sold the cow to a neighbor who intended to kill the same, but stipulated that all money found inside the cow should be delivered back to himself. The cow was killed, and the "five franc piece" discovered in the intestines, bright and shining.—He now intends paying his taxes with the same.—*Ozaukee Adv.*

TRIBUTE OF RESPECT.

At a meeting of the Editors and Printers of this village, held pursuant to notice, John Faye was called to the Chair, and L. Ingalls, appointed Secretary.

On motion, E. Pollard, M. Beebe, J. W. Tamblin and A. W. Webb, were appointed a Committee to prepare resolutions expressive of the sense of the meeting on the mournful occasion.

The Committee reported the following preamble and resolutions, which were unanimously adopted.

Whereas, an all-wise Creator has removed by death, Elbert C. Sackett, a worthy and honored member of our craft, therefore,

Resolved, That as a brother Compositor, a companion in toil, a journeyman, Printer and Editor, we have ever found the deceased scrupulously honest, kind-hearted, sympathetic, resolute and persevering; thus in every relation, from the roller boy to the editorial chair, presenting an example worthy our emulation.

Resolved, That we sincerely condole with his afflicted parents, at this sudden and severe affliction, and that as a token of our regard for the memory of the deceased, we will attend his funeral in a body.

Resolved, That the records of filial affection, and heroic fortitude furnish but few brighter examples, than that displayed by our deceased Brother in the last days of his life,—exemplified by his leaving Nebraska, as it were, in the very embrace of death, and travelling with almost uninterrupted continuance, day and night that he might die among his friends, and reaching his father's house, but sixty-five hours before his exit to "that bourne from which no traveller returns."

Resolved, That a copy of these resolutions be presented to his bereaved parents, and published in the village papers.—*Northern New Yorker.*

THE CORN AND THE HOGS.—There is a good deal of complaint just now among the farmers of the Scioto Valley. The last season was not long enough to thoroughly ripen the corn, but if the autumn had been mild and dry, it would have been very well, and a great crop would have been gathered. But instead of warm dry weather we have had an unusual quantity of rain; and when the rain did not fall, the weather has been damp, foggy and disagreeable. The consequence has been that full one half of the corn crop has been spoiled. It has blighted, mildewed and rotted in the ear, and now there is hardly any seed corn left here to plant. The corn raised in this part of the valley will not do to plant next spring, and our farmers are on the lookout to buy seed corn for planting. In addition to this misfortune, hogs have fallen greatly in price since the autumn. We know of several farmers who bought droves of stock hogs in Lima, Allen county, last fall, at six cents a pound, which they drove here, intending to fatten them upon their corn and sell again; but since then fat hogs have been sold in parts of Franklin County as low as three cents,—some of the very hogs which were bought last fall in Allen County for six cents have been sold here fatted for three cents a pound. So our farmers have suffered in two ways—first by the blighting of the corn, and second by the fall of the price of hogs. This is to be regretted, for they work hard for the money they earn, and they ought to be well rewarded.—*Columbus Journal.*

A Question in Bankruptcy.

A banker, we accused of fraud,
The country left, and went abroad,
To mend his health; he took a dance,
Out of England into France,
Out of France and into Spain—
And when will he come back again?
—*Punch.*

An End of Everything.

Hope, where will thou cast thine anchor?
Faith, where will thou make thy nest?
If we cannot trust each other
Where is confidence to rest?

Earth below will seem forsaken,
Sky appear in black above;
When Commercial Credit's shaken,
Who will dreams of Woman's Love?
—*Punch.*

☞ Our readers will remember that we, not long ago, told them a story of "Great Hans little Hans-o-n," We have another of that ilk to which they will listen:

A young gutter snipe, born and bred in the Five Points region, and who had never known that he had any other name than plain Jack, was hauled by brother Brace into the commission school, and with him slid two companions whom he had only known in like manner, as "Fin" and "Eel."

The former was first asked:

"What is your name?"

"Fin," was the reply.

"Oh, my—no. Phineas must be your name. Remember it now."

Then the other friend was put through:

"What is yo name, sonny?"

"Eel."

"Mercy! what a name! That will never do. I suppose it must be Eliss?"

"Yes, sir."

All this while the young gutter-snipe had been staring at the odd manner in which his friends' names had been lengthened out. At length, however, a glance of intelligence shot over his face—he took the joke—and when asked what his name was, sarcastically answered, with a "you don't sell me" look—"*Jack-ass.*"

☞ One of the unposted up guests at the Girard the other day, having taken possession of his room, locked it up to go into the city, and leaving the key at the bar, told Chaddwick with great simplicity "not to wait dinner for him."

And we believe "Chad" didn't—leastwise "it's so reported." The same character once stopped at the Astor House, where they put him up, of course, under the roof, and two in a room. During the night his room-mate felt cold, and proposed routing out a servant for blankets. "Hush," quoth Green, "hush! I'm afraid you'll wake poor old Mrs. Astor, ef you go to hollerin' round this time o'night." In the morning, being highly pleased with his breakfast, he informed the waiter in a tone meant to be very gratifying to the latter that he thought old Mrs. Astor a very good cock—"she fried them buckwheat cakes first rate"—and concluded by asking "if they bought their own milk—'bout-posed as they used such a lot on't they mebbe kept a cow!" And when we lived at the La Pierre there was one customer who always called Mr. Sykes "Mr. Lapper-ee."
—*Graham's Magazine.*

☞ "Laudanum" is one of the most expressive words in the language. When they discovered the secret of the slumber bringing poppy, as it stole over the keen senses of Pain, till Torture fell asleep, they said, Laus Dea! Praise to God! and so we have in "laudanum," a Latin hymn of thanksgiving that will be perpetual.

COMING TO CHURCH IN A STEAMBOAT.—Our friend, J. K. Logan, of Limestown, has in his employ a small steamboat called the "Tempest." Last Sunday proving an unfavorable day, and the roads rough and muddy, he raised steam, jumped aboard the boat and brought his family up to church. It's very nice to have a steamboat—they are such a HANDY thing about the house.—*Monongahela, (Pa.) Republican.*

☞ In Cincinnati, thirteen of the young lady teachers of the public schools—as appears from the report of a very special committee appointed to examine minutely into the mysteries of the interesting subject—have lately resigned in consequence of approaching matrimonial alliances.

☞ The committee having in charge the fund for the benefit of the widow and family of John F. Jones, who lost his life in endeavoring to save the crew of the bark Tasso, at Barnegat, last winter, have decided on purchasing a snug farm at West Creek, for the family. The place selected has been secured for $4,200.

☞ The Albany Evening Journal says:—"There is a tank of water on the receiving ship at the Brooklyn Navy Yard, which has been on board that vessel for 21 years. A correspondent writes to us that he tasted the water on the 13th, and deemed it equal to the best Croton."

☞ Somebody reckons as follows:—If a tobacco chewer chews for fifty years, and consumes each day of that period four inches of solid plug, he will consume 6,084 feet, or nearly a mile and a quarter of solid tobacco, half an inch thick and two inches broad, costing $2,094. Quite a little fortune.

CALEB WALL'S ADVTS
CITY AUCTION ROOM.

City Auction Room.

I GIVE NOTICE through our paper last week, that I had my Dry Goods from 313 Canal, from Sixth Avenue, No. 329, corner of Twenty-first st. The goods are all from New York, and no other place; and as regards the goods, there are not many fancy ones; so much the better. They are plain, substantial goods, which we all want every day in our families. The goods are now all opened in the store on the west side of the river, formerly occupied by J. L. Pierce, where they will remain for thirty or six days. It is no intention of mine whatever to open a retail store, although I have as much right to do as I please, as any one else has to do as he pleases. I have heard that several of our merchants complain that I am injuring the trade by selling goods so low. I would kindly say to those merchants that the goods are all paid for, and if they will come and purchase them of me at a reduced price, I will give them credit, provided they can give good paper, endorsed for six and twelve months; or I will sell the entire stock out, which amounts to twenty thousand dollars, on the following terms: One-fourth cash in three months—balance in one, two or three years, with notes given per semi-interest, secured by a mortgage on property in our city. But I shall continue to retail the goods until they are all sold, and I would say to all of our citizens to go and get great bargains. There is every kind of goods you want at thirty per cent less than ever sold in this city before. Mr. Ayres has the entire charge of the said goods. I attend to all auction business at the old corner, and will give it that strict attention it always has done. Any one closing stocks of goods to sell, I am ready at all times to purchase the same. Call on me.
dec8 CALEB WALL, City Auctioneer.

City Auction Room.

I WANT to purchase twenty thousand to thirty thousand dollars worth of Dry Goods in the following way. One quarter cash, balance in good city property or I will pay cash for it. For any good city property I will exchange good Bonds and Mortgages, or Railroad Stocks, or School Lands. Any one who is tired of trade, and wishes to give up and retire to private life, call on me and I will buy you out. My object is to do good to all, and keep myself at the same time. Or, if any one wants to sell his stock of Goods at auction, I will advance him from sixty to seventy-five per cent on said Goods. I will advance on all kinds of Goods, Furniture, &c., &c., but said Goods will be sold in ten days after the advance, or the parties can, if they wish, redeem by paying the Commission. And I want it to make money out of money, and keep the balance a rolling. I also want it understood that I am ready to do all auction business entrusted to my care. Or, I would also buy from the great stock of Goods which has been selling on the west side of the river, at half price, that I have concluded to keep the store open for thirty days long r. The crowd is so great and Goods so cheap, that I shall stay ready to give all a chance to get great bargains. Recollect it is in the store room formerly occupied by J. L. Pierce, on west side of the river. dec22 CALEB WALL.

City Auction Room.

ANOTHER STOCK OF GOODS arrived, all from New York. I have now, I think, the largest and most complete assortment of Dry Goods at the corner store, where J. L. Pierce formerly kept, on the west side of the River. The said Goods are going off 30 per cent. less than cost. Great crowds every day.—Twenty two thousand dollars worth of Goods, everything you can think of. Ten clerks ready to wait on every person. A chance. CALEB WALL.

City Auction Room.

I HAVE, left in my care, a superior Family Horse, which can be recommended, and will be sold at a great bargain to some one. The owner of said horse is going to be abroad for six or eight months. This is the reason said horse is sold. It will be sold on six months time if desired. dec29 CALEB WALL.

AND
PRINTERS' WAREHOUSE,
Corner of West Water & Spring Streets,
MILWAUKEE WISCONSIN.
Having completed the arrangements for the above business in this city, we would invite the co-operation of the printers of this and surrounding States in its behalf. Our facilities are equal to any Foundry in the country for manufacturing Type and Printer's Material; and for beauty of finish and hardness of metal, cannot be surpassed in this or any other country. The faces of our Type are all of our own *improved* cut, and we shall endeavor to compete with our Eastern brethren in getting up new styles of Type, Borders, Cuts, Ornaments, &c. We are in daily receipt of all new faces as they are made at the East, and in advance of any other Establishment at the West.
Being Agents for some of the best Type Foundries and Press and Ink Manufactories at the East, we shall keep constantly on hand a full assortment of every variety of material.
Presses, Wood Type, etc., furnished at Manufacturers pr ces.
Order for Stereotyping, Engraving, etc. promptly attended to.
We shall issue in the course of the next three months a new Specimen Book which will be furnished on application.
☞ Printers of Newspapers who choose to publish this advertisement including this note, 1 Month, will be allowed their bills at a time of purchasing, three times the amount of our manufactures.
